

Award of the painting and writing competition

'My door to Germany/ Austria/ Switzerland'

Finally, the time has come! 96 great works were submitted and the 2 juries have finally determined the winners!

We would like to express a big thank you to school administrators, teachers, students and parents. It was only through the cooperation of all parties that the painting and writing competition ran smoothly.

The prizes were distributed as follows: A **main prize was awarded for the best work**. This prize is only available once and is age independent. The other students were able to take **places 1 to 3 of each age group**. Grades 5/6 and 14/15 were merged and the adult group was divided into, adults A1-A2 'and, adults B1+'. In addition to the main prize and places 1 to 3 (per age group), we also awarded prizes for **the most creative picture**, for **the family with the most participants** and for **the class with the most participants**.

The works were evaluated by 2 juries: a jury consisting of teachers from the participating schools made a pre-selection, a jury consisting of representatives from the German Consulate, the German Embassy and the specialist advisory service for East Canada selected the final winners.

But let's finally get to the moment you've all been waiting for weeks, and announce the winners:
